

Tender Care

Learning Centers

The Early Education Professionals

Tender Care Learning Centers in Shadyside is seeking early childhood professionals to teach in our early childhood program. We are NAEYC Accredited and have achieved a STAR 4 rating through the Pennsylvania Keystone STARS Quality Rating System.

Our ideal teacher is seeking employment in a program that encourages them to unleash their creativity in order to provide exciting and fun learning experiences to children. We are seeking professionals that have the highest expectations for themselves and a natural enthusiasm for improving the lives of children in their care.

As one of our early education professionals, you will be given the opportunity to learn and grow. You will be treated with dignity and respect, and you will be encouraged to personalize your teaching experience.

“Being a part of the Tender Care family is an all-around wonderful experience. From the families and children to the management and staff, it is a fun and welcoming place to work. Tender Care also makes sure to continue training and educating their teachers to make them the best they can be.”

To submit your application, please email Heather Iorio at hiorio@earlyeducationpros.org or apply online at www.earlyeducationpros.org/careers. **Where rewarding careers begin.**
