

*Congratulations to our 2022 Award winners!*

**Gabrielle Garmong , May '22  
Edinboro University**

My name is Gabrielle Garmong and I am a senior (graduating this May) from Edinboro University. I am majoring in Art Education and my minor is in Deaf Studies. Through my time in college, I have grown passionate about teaching. From volunteering at a preschool, to adventure camp counseling, to student teaching, I have found an excitement for being involved in a community and being a guide for children.

After I graduate, I plan to dedicate some time to my art, become nationally certified in interpreting American Sign Language, and search for a job in Art Education or Deaf Education that suits me well.
